Prevent slips, trips and falls at work

- Wear proper footwear.
- Watch for holes, cracks or uneven surfaces.
- Take extra care on steps or concrete surfaces that could be slippery.
- Be aware of icy and snowy conditions.
- Always maintain three points of contact.
- Always face the cab when entering/exiting.

Yard Safety Rule

RULE #1: Never pull a trailer out of or put a trailer into a door on a red light! This is the most serious & life threatening of all rule violations. This could cost someone his/her life, and you your job. If you are moving a trailer & the light changes, **STOP!! IF THERE ARE NO LIGHTS WORKING, CALL FOR HELP!**

After Hour Service Calls for Mechanics: If you have an after hours call, follow these steps:

- 1) Punch into Paycor AND include a note. 2) In the note write: "After Hours Call."
- 3) Include Customer Name and Service Order #.

Remember: Safety over Speed always!
