Winter Driving Tips

- **Inspect your truck:** Check tire pressure, oil and antifreeze levels.
- **Slow Down:** Adjust to the road conditions.
- **Give yourself extra space:** Stopping distance on a wet road is twice the normal stopping distance. On an icy road it's nearly 10 times the normal stopping distance!
- **Stay Smooth:** Avoid sudden braking, acceleration and cornering.
- **Step down safely:** Always assume the pavement is slippery. Use 3 points of contact!

Yard Safety

When Turning in the Yard:

- Slow Down.
- Look both ways.
- Honk.
- Yield before turning.
- Proceed with caution.

Thank you for
being part of the
RSS team in 2021.

You are truly appreciated!

Remember: Check your time cards on Friday. See an issue? Let someone in HR know!
